- To appraise students about the importance of communication skills, critical thinking skills, and collaborative skills;
- To enable students to learn to reflect to situations at the individual level, institutional level, industry level, national level and international level.

Minutes:

The workshop was presided over by the principal of the Government College, Gharghoda Dr. M. L Patel who detailed the need for conducting such workshops for students to face challenges in business world. The introductory remarks were made by the IQAC Coordinator of the college Ms. Renu Kujur, the HOD of Zoology Department spoke on the importance of leadership and personal effectiveness in present business environment.

- Shri. Santosh Kumar Dewangan (speaker) highlighted on the change in the mind-set to face competition and enhance leadership skills. A good leader is someone who can see the bigger picture, and anticipate problems before they occur.
- He also told the best path to become a good leader is to always keep learning new things. It keeps your mind sharp, and your skills fresh. No one is the best at everything, and the sooner you realize that, the sooner you can learn to be a good leader.
- Becoming a leader doesn't mean you always have to be in the spotlight. An important trait of a good leader is someone who listens to suggestions, ideas, and feedback from other people, and build on them.
- The workshop was conducted by the trainer on an activity based mode in addition to lectures. Group discussions were also held to make students learn to think collaboratively and also work under competition. All the students participated actively in the activities.

The feedback obtained from the students revealed that:

- the program was excellent;
- it was useful to them in enhancing their communication and leadership skills;
- they need workshops of this kind to be conducted again

One Day Workshop on SPOKEN ENGLISH entitled
"HOW TO HOLD A BASIC CONVERSATION"

organized by Government College Gharghoda on 22nd December, 2017

Time: 11:45 AM

Venue: Government College Gharghoda, Seminar Hall

Resource Person: Dr. (Mrs.) Shruti Shrivastava

One-day workshop was held for the benefit of students focusing on the theme "HOW TO HOLD A BASIC CONVERSATION".

OBJECTIVE:

Learning how to introduce yourself and greet people both formally and informally are essential skills in any language. This session will help the students to learn how to say hello and goodbye, as well as vocabulary that they can use when meeting new people and making friends.

MINUTES:

The workshop was presided over by the IQAC Coordinator of the college Ms. Renu Kujur, the HOD of Zoology Department. She spoke on the importance of **holding a basic conversation**. She invited keynote Speaker Dr. (Mrs.) Shruti Shrivastava, Asst. Prof. English, to start the session.

Dr. Shrivastava told that being able to have a basic English conversation isn't hard—one just need to know how to express oneself and start with brief, simple conversations.

To hold a basic conversation, one need to be able to:

- Make introduction and share some personal information.
- Talk about their needs and expectations.
- Make future plans.
- Talk about career and educational background.
- Hold simple conversations with people they encounter in day-to-day activities, like shopping, going to the bank or going to the doctor's clinic.

She motivated students for having a conversation outside the classroom, which can be more challenging – but not to give up! The more practice they have in the real world the better. She told them while listening to someone during a conversation, focus on the words they recognise and understand more than the words they don't. Madam speaker also suggested the students to practise by listening to conversations English speakers have with each other on the radio, online interviews, movies, TV shows etc.
