Dr. Priyanka Patel told about Personal hygiene, which is important for many reasons, for instance, to have a better personality, a good health, for social reasons and for psychological issues. Good hygiene perpetuates a nice image of an individual in a society. Emphasizing on good personal hygiene can reduce a risk of many social, mental, and health problems. Certain habits like washing hands before meals, bathing, brushing teeth and cutting nails should be practiced from early age. These are considered as personal habits. Apart from these all, we have to be careful about our surroundings too. Since we live in a society, it's our duty to take care of our environment. She explained that good personal hygiene is as simple as hand washing which can reduce the plethora of illnesses, infections, and disorders. A short activity on proper hand washing was also conducted during the session where the participants were asked to wash their hands while using all the six steps of proper hand washing acknowledged by the physicians. Different pictures were used to make the presentation more vital and appealing.

In a social situation a clean and tidy appearance can boost one's confidence and reflects a positive image of that individual to others tidiness must be the first and foremost responsibility of everyone. We have to be sincere about following certain manners and etiquette strongly related to hygiene. Acts as littering in public places or spitting on the road should be strictly prohibited. She also talked about Narendra Modi operation named “Swachh Bharat Abhiyan” which focus on to clean all the backward statutory towns. The entire session was a great success as all the students were excited to make use of the acquired knowledge from the

Workshop on COMMUNICATIVE ENGLISH entitled

## “Essential Communication Skills”

organized by Government College Gharghoda on 06<sup>th</sup> December, 2018

**Time:** 02:15 PM

**Venue:** Seminar Hall, Govt. College Gharghoda

**RESOURCE PERSON** - Dr.(Mrs.) Shruti Shrivastava

One-day Workshop was organized in our institute on the theme “Essential Communication Skills” on 06<sup>th</sup> December, 2018 by Dr.(Mrs.) Shruti Shrivastava, Asst. Prof. English, Government College, Gharghoda, Dist. Raigarh.

### OBJECTIVE OF THE WORKSHOP-

Students in the digital age must know how to effectively convey and receive messages in person as well as via phone, email, and social media.

So, the objective of this workshop is to make our students able to communicate effectively with superiors and colleagues. These communication skills will help them throughout their career and make them confident in every walk of life.

Madam speaker enlightened the participants about 10 keystones of communication skills:

- 1. Listening** - Being a good listener is one of the best ways to be a good communicator. Take the time to practice active listening.
- 2. Non-verbal Communication** - Your body language, eye contact, hand gestures, and tone of voice all say a lot about the message you are trying to convey. Eye contact is also important; you have to look the persons in eye to demonstrate that you are focused on them and the conversation. Also, pay attention to other people's nonverbal signals while you are talking.
- 3. Clarity and Conciseness** - Good verbal communication means saying just enough - don't talk too much or too little. Try to convey your message in as few words as possible.
- 4. Friendliness** - It's important to be polite in communications. This is important in both face-to-face and written communication.
- 5. Confidence** - It is important to be confident in your interactions with others. Confidence shows that you believe in what you're saying and will follow through
- 6. Empathy** - Using phrases as simple as "I understand where you are coming from" demonstrate that you have been listening to the other person and respect their opinions.
- 7. Open-Mindedness** - A good communicator should enter into any conversation with a flexible, open mind.
- 8. Respect** - People will be more open to communicate with you if you convey respect for them and their ideas.
- 9. Feedback** - Being able to give and receive feedback appropriately is an important communication skill.
- 10. Picking the Right Medium** - An important communication skill is to simply know what form of communication to use, like - e-mail, letter, telephone, or in person.

Session ended with vote of thanks offered by Dr. Y. K. Chandra.

The workshop was held at Seminar Hall, Government College Gharghoda, Dist. Raigarh on 28<sup>th</sup> January, 2019.

The Resource Persons for the workshop were:

- 1) Judicial Magistrate Smt. Shivani Singh
- 2) Judicial Magistrate Ku. Pratibha Markam

Under the guidance of Additional District Judge, Ashish Pathak, a legal awareness workshop was organized by Government College Gharghoda, Dist. Raigarh. The theme entitled **“Child Labour, Child Abuse, Rights of women and their protection from Domestic Violence”**.

**OBJECTIVE of THE WORKSHOP:**

The main objective of the programme was to make the students aware about child rights, child abuse and various issues related to women and steps provided in law for overcoming the same. The main reason for conducting such programs is that Legal education helps in changing the attitude of public and make them connect to the social problems; it makes people more aware about their rights and duties and help them to become ideal citizens.

IQAC Coordinator Ms. Renu Kujur, formally welcomed all the dignitaries present on the dais and participants. She mentioned about the importance of awareness activities in order to make people aware of their rights and about the role, activities and functioning of the legal services. She then invited the eminent speakers Judicial Magistrate Smt. Shivani Singh and Judicial Magistrate Ku. Pratibha Markam to lead the session.

**TECHNICAL SESSIONS FROM KEYNOTE SPEAKERS:**

**TECHNICAL SESSION – I**

- The first Technical Session was taken by Judicial Magistrate Ku. Pratibha Markam. She started with simple definition of child labour and child abuse. Child labour has been the most important concern in the world because it affects the children both mentally and physically. It also destroys their future.
- She spoke about child abuse which is a ubiquitous problem with personal, interpersonal, and social consequences. Risk factors are well established, and preventive strategies have been effective in decreasing abusive parenting behaviours and child maltreatment incident reports.

- She delivered lectures about Child rights and protection of children from sexual offence. She also highlighted various schemes being launched by the Govt. for the benefit of Child and women rights.

**TECHNICAL SESSION - II**

- The Second Technical Session was taken by Judicial Magistrate Smt. Shivani Singh. She told that according to available statistics from around the globe, one out of every three women has experienced violence in an intimate relationship at some point in her life. There are several Act that provide effective protection of the rights of women guaranteed under the Constitution who are victims of violence of any kind occurring within the family and formatters connected therewith or incidental thereto.
- One main concern in tribal area is "Macabre practice of Witch-hunting" - Witch-hunting is essentially a legacy of violence against women in our society. For almost invariably, it is women, especially Dalit or Adivasi widow women, who are branded as Dayan's or Witches by relatives, villagers who have an eye over their houses or land. Nearly 200 to 150 women are killed every year in India after being tagged as 'witches'. There are several rights and protection from this offence.

Dr. Y. K. Chandra delivered vote of thanks and requested the organizers to hold more such enlightening programs in near future.
